

including rebaselining of the Committee activities for FY 1998.

4:00 p.m.-4:30 p.m.: Miscellaneous (Open)—The Committee will discuss matters related to the conduct of Committee activities and matters and specific issues that were not completed during previous meetings, as time and availability of information permit.

Procedures for the conduct of and participation in ACRS meetings were published in the **Federal Register** on October 1, 1996 (61 FR 51310). In accordance with these procedures, oral or written statements may be presented by members of the public and nuclear industry, electronic recordings will be permitted only during the open portions of the meeting, and questions may be asked only by members of the Committee, its consultants, and staff. Persons desiring to make oral statements should notify Mr. Sam Duraiswamy, Chief, Nuclear Reactors Branch, at least five days before the meeting, if possible, so that appropriate arrangements can be made to allow the necessary time during the meeting for such statements. Use of still, motion picture, and television cameras during this meeting may be limited to selected portions of the meeting as determined by the Chairman. Information regarding the time to be set aside for this purpose may be obtained by contacting the Chief of the Nuclear Reactors Branch prior to the meeting. In view of the possibility that the schedule for ACRS meetings may be adjusted by the Chairman as necessary to facilitate the conduct of the meeting, persons planning to attend should check with the Chief of the Nuclear Reactors Branch if such rescheduling would result in major inconvenience.

In accordance with Subsection 10(d) Public Law 92-463, I have determined that it is necessary to close portions of this meeting noted above to discuss matters that relate solely to the internal personnel rules and practices of this Advisory Committee per 5 U.S.C. 552b(c)(2), to discuss information the release of which would constitute a clearly unwarranted invasion of personal privacy per 5 U.S.C. 552b(c)(6), and to discuss information provided in confidence by a foreign source per 5 U.S.C. 552b(c)(4).

Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by contacting Mr. Sam Duraiswamy, Chief, Nuclear Reactors Branch (telephone 301/415-7364), between 7:30 a.m. and 4:15 p.m. EDT.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-508 and 50-509]

Intent To Relocate Local Public Document Room

Notice is hereby given that the Nuclear Regulatory Commission (NRC) will be relocating the local public document room (LPDR) for records pertaining to Washington Public Power Supply System's Washington Nuclear Units 3 and 5 (WPPSS) site located in Satsop, Washington. The WPPSS LPDR is currently located at the W. H. Abel Memorial Library, 125 Main Street, Montesano, Washington. Library staff informed the NRC that they no longer wish to maintain the document collection and request that it be moved. This notice invites public comment on possible LPDR locations in the Satsop, Washington, area.

Among the factors the NRC will consider in selecting a new location for the LPDR are the following:

(1) Whether the institution is an established document repository located near the nuclear facility with a history of impartially serving the public;

(2) The physical facilities available, including shelf space, storage space, patron workspace, copying equipment and computer access;

(3) The willingness and ability of the library staff to maintain the LPDR collection and assist the public in locating records;

(4) The nature and extent of related research resources, such as government documents;

(5) The public accessibility of the library, including handicap
